

FOR ANIMAL TREATMENT ONLY

DAVID GRAYS

Golden Stud & Sale

40kg Net

USE: Feed to Sheep or Cattle mixed with cracked grain and chaff mixes as prepared rations. Golden Stud & Sale is a protein, mineral and vitamin fortified concentrate designed to balance rations for sheep and cattle being prepared for show or sale. This product contains Golden Crumble, which is a finely ground mixture of grain, urea and sodium bentonite cooked and expanded through an extruder. The process forms a starch/urea complex, which is designed to increase the safety of urea supplementation and to improve efficiency of urea utilization.

DIRECTIONS FOR USE: Mix 4% Golden Stud & Sale (40kg per tonne) with grain and hay to provide a fortified ration for stud stock, or for assisting young female stock to reach mating weights.

Typical Analysis	Weight %	Trace Minerals & Vitamins	
Total Crude Protein-	70%	Manganese	1000mg/kg
Protein from natural sources	12%	Cobalt	4mg/kg
Minimum Equivalent Crude Protein	58%	Zinc	1000mg/kg
Urea	20%	Iodine	12.5mg/kg
Calcium	6%	Selenium	6mg/kg
Phosphorus	1.5%	Copper	250mg/kg
Salt	5.0%	Iron	150mg/kg
Sulphur	1%	Vitamin A	72,000 IU/kg
		Vitamin D ₃	5,500 IU/kg
		Vitamin E	600mg/kg
