DAVID GRAYS RAT 'N' MOUSE KILLER

HOW TO USE:

Place small heaps of Rat 'N' Mouse Killer where rats and mice are a nuisance. Where possible place in cupboards and along walls. Ensure that other foodstuff is covered from rodents when baiting.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED.

CAUTION:

Place baits in locations which are inaccessible to children, other animals and birds. **DO NOT** allow chemical containers or pellets to get into drains, sewers, streams or ponds.

STORAGE and DISPOSAL:

Store in the closed, original container in a cool dry place out of reach of children. **DO NOT** store in direct sunlight. Dispose of empty containers by wrapping in paper, placing in plastic bag and putting in garbage.

SAFETY DIRECTIONS:

Poisonous if swallowed. Do not inhale dust. Do not touch bait, use scoop or measure. If on skin and after each baiting, wash thoroughly with soap and water. Wash hands after use. Vitamin K1 (Phytomenadione) is antidotal.

FIRST AID:

If poisoning occurs get to a Doctor or hospital quickly.
