General Instructions:	

Resistance Warning:	<p>Insecticide Resistance Warning GROUP 2B INSECTICIDE</p> <p>For insecticide resistance management, Clearout Crawling Insect Aerosol is a Group 2B insecticide. Some naturally occurring insect biotypes resistant to Clearout Crawling Insect Aerosol and other Group 2B insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if Clearout Crawling Insect Aerosol or other Group 2B insecticides are used repeatedly. The effectiveness of Clearout Crawling Insect Aerosol on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, Sherwood Chemicals Australasia Pty Ltd accepts no liability for any losses that may result from the failure of Clearout Crawling Insect Aerosol to control resistant insects. Clearout Crawling Insect Aerosol may be subject to specific resistance management strategies. For further information contact your local supplier or Sherwood Chemicals Australasia Pty Ltd representative.</p>

Precautions:	<p>PRECAUTIONS</p> <p>Do not use as a space spray. Do not spray directly onto humans, pets, exposed foods, food utensils or food preparation surfaces. Remove or cover fish tanks before spraying. Remove pets from rooms before and for a short time after treatment. Care should be taken not to spray delicate fabrics or furnishings and plastic surfaces without prior testing.</p>
--------------	---

Protections:	<p>PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT</p> <p>Do NOT contaminate streams, rivers, or watercourses with this product or used containers. Do NOT apply if heavy rains are expected to occur within 48 hours of application.</p>
--------------	--

Storage and Disposal:	<p>STORAGE AND DISPOSAL</p> <p>Keep out of reach of children.</p> <p>PRESSURISED DISPENSER, PROTECT FROM SUNLIGHT AND DO NOT EXPOSE TO TEMPERATURES EXCEEDING 50°C.</p> <p>DO NOT PUNCTURE OR INCINERATE THIS CAN, EVEN WHEN EMPTY.</p> <p>Dispose of can by putting in the garbage or leaving it at an appropriate metal recycling collection point.</p>
-----------------------	--

Safety Directions:	<p>SAFETY DIRECTIONS</p> <p>Will damage the eyes. May irritate the skin. Avoid contact with eyes and skin. When using the product, wear elbow-length PVC gloves and face shield or goggles. If product in eyes wash it out immediately with water. Wash hands after use. After each day's use, wash gloves and face-shield or goggles.</p>
--------------------	---

First Aid Instructions:	<p>FIRST AID</p> <p>If poisoning occurs contact a doctor or Poisons Information Centre. Phone Australia 131126, New Zealand 0800 764 766. If swallowed, do NOT induce vomiting.</p>

DIRECTIONS FOR USE

Shake can well before use. Hold can upright while spraying and hold about 15 to 20 cm from the surface to be sprayed. Avoid using on plastic surfaces.

Clearout Crawling Insect Aerosol, when used according to directions, will give effective residual control of ants and cockroaches in situations such as domestic, public service, industrial and commercial areas.

For professional use only.

Pest	Critical Comments
Ants Cockroaches	For residual control, spray as a surface application up to but not exceeding the point of run off onto surfaces and into cracks and crevices where insects are likely to rest, harbour, live and breed. Use the crack and crevice extension tube to direct spray into cracks, crevices and other hard to reach places. Clearout Crawling Insect Aerosol can also be applied directly as a spot treatment to live insects.
